Your Child's Day

The teachers in the preschool plan a structured and consistent day for the students. A picture schedule is used to help the children know what their daily schedule. There are designated times for free choice, circle, small groups, snack, and story.

Activities are planned around a theme. Each month a calendar will be sent home informing you of our themes. It is strongly encouraged that you use these calendars to talk with your child about the upcoming topics. Occasionally, these calendars will list special events as well as needed materials for our upcoming activities.

Children will have the opportunity to attend the following specials every week:

- Art, Library, Music, and Physical Education

Preschool Screenings 2009-2010

Frequently Asked Questions:

- *How and when do I sign up my child for a screening?*

Parents should call the school for a screening when their child turns 3 years old. Please call Elaine Johnson at 642-7593 to schedule an appointment.

- **When do screenings take place?**

Screenings are scheduled 3 to 4 times a year usually one in the Fall, Winter, and Spring.

- **What can my child expect during a screening?**

Approximately 6 children will come in for an hour session. Children will rotate between adults doing various assessments based on developmental skills for their chronological age. The areas that are observed are: fine motor, large motor, speech and language, social interaction, and cognition.
